Edizione 3: Gennaio 2022

La nostra storia nasce nel 1953 a Pogno, dove ancora oggi abbiamo la nostra sede e i nostri stabilimenti produttivi.

Our history started in 1953 in Pogno, where we still have our headquarters and production plants.

E' una storia fatta di valori e di concretezza, di passione per il lavoro e per il nostro territorio. Il nostro è un successo tutto italiano, i nostri rubinetti vengono progettati e realizzati coniugando la creatività e la cura artigianale tipici del made in Italy con le potenzialità di un'Azienda industriale.
E il filo conduttore è da sempre la funzionalità del prodotto: attenzione a forme pulite ed essenziali, utilizzo di materie prime rispettose delle normative internazionali e applicazione delle migliori innovazioni tecnologiche per ottenere un prodotto in grado di integrarsi perfettamente con la sua materia prima, l'acqua.

It is a story based on values and concreteness, passion for our work and for our territory. Our success is all Italian, our taps are designed and made by combining the creativity and the handmade care typical of Made in Italy with the potential of an industrial company.
The common thread has always been the functionality of the product: attention to simple and essential shapes, the use of raw materials which are respectful of the international regulations, the application of the best technological innovations to obtain a product able to integrate perfectly with its main purpose: the water.

Risparmio **energetico** e **idrico** / **Energy** & **water** saving

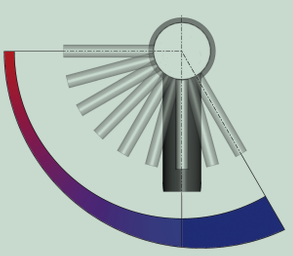

I prodotti dotati di queste tecnologie garantiscono un buon risparmio energetico ed idrico grazie ai seguenti accorgimenti:

Products with these tecnologies guarantees a good energy and water savings through the following measures:

RISPARMIO **ENERGETICO**
ENERGY SAVING

Risparmia energia, perchè apre al centro e dà acqua fredda, mentre l'acqua calda esce solo con il movimento della leva verso sinistra.

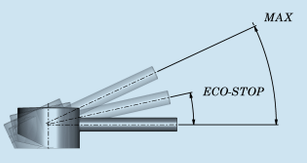

It saves energy delivering cold water from middle position already; hot water comes out with handle left movement only.

RISPARMIO **IDRICO**
WATER SAVING

Risparmia acqua, perchè dobbiamo vincere un'altra resistenza in apertura per avere più portata d'acqua (funge da deterrente contro l'inconsapevole apertura dell'acqua).

It saves water, because user must override "resistance bump" to obtain high ow - acts as deterrent to unconsciously turning handle on to full ow position regardless of water requirement.

ELEGANZA E SEMPLICITÀ

Sono questi i due principi ispiratori che hanno portato alla nascita delle nuove linee di rubinetteria ELLE e EFFE.
Linea squadrata e profilo pulito, per amplificare un senso di eleganza e modernità che rendono queste serie adattabili ad ogni tipo di ambiente.
La cura del dettaglio si accompagna alla cura della funzionalità: un design di alta gamma si unisce ad una tecnica e componentistica di elevata qualità. Leva aperta per la serie EFFE, leva chiusa per la serie ELLE.
Due varianti di design per una serie unica nelle sue linee essenziali. E per entrambe le versioni il lavabo è disponibile in tre altezze differenti (Standard, Medio e Prolungato).

ELEGANCE AND SIMPLICITY

These are the two key factors that have led to the realization of our new EFFE and ELLE mixers lines. Square line and clean profile to amplify a sense of elegance and modernity that makes these series suitable for any environment.
The attention to detail is accompanied by the care of functionality: a high-end design is combined with technique and components of high quality. Open handle for EFFE and closed handle for ELLE.
Two design variants for a unique series of essential lines. For both versions, washbasin mixer is available in three different heights (Standard, Middle and Extended).

GRINTA E GENTILEZZA

Il Rock fece irruzione nel mondo della musica, portando qualcosa di mai sentito prima, di accattivante, raccogliendo elementi classici e tradizionali ma producendo un feel nuovo e vivo.
Allo stesso modo la serie Rock nasce da un'esperienza di forma classica e discreta, ma elabora le sue linee per produrre qualcosa di geniale: le innovative geometrie impreziosiscono il contesto come un assolo arricchisce una melodia.
Questa serie si presenta con una grinta decisa, con energia e carattere, quasi aggressiva; eppure mitigato nel carattere dalle sue linee tondeggianti, che fondono in maniera armoniosa i volumi tondi e le linee rette.

GRIT AND KINDNESS

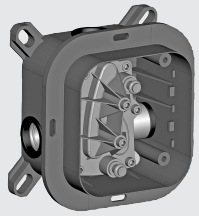

The ROCK broke into the world of music, bringing something never heard before, captivating, collecting classic and traditional elements but creating them new and alive.
Similarly the ROCK series is classic and discreet form of experience but draws its lines to produce something brilliant: innovative geometries embellish the context as a musical solo enriches a melody.
This collection presents itself as a determined grint, with energy and character, almost agressive, but lightened by its rounded lines, mixing harmoniously round volumes and straight lines.

RAFFINATA

Piccolo fiore all'occhiello per eleganza e raffinatezza, la serie LIGHT si distingue per l'armonia della sua forma rotonda. Di particolare rilievo i modelli a pavimento: miscelatore lavabo e il miscelatore vasca con doccetta e deviatore.

REFINED

Small flagship for elegance and refinement, LIGHT series shines for the harmony of proportions and the simplicity of its round shape. Of particular importance, LIGHT line is completed by the floor mounting models: free standing basin mixer and free standing bath mixer with hand shower and diverter.

VERSATILITÀ

La fusione tra forma quadra e tonda crea uno stile unico per le serie RINGO e WEST, rendendole perfette per ogni stile di design e di arredamento. Oltre che nelle sue forme, la versatilità di queste serie si evidenzia anche nelle sue numerose varianti: leva aperta per la serie RINGO, leva chiusa per la serie WEST.

E per entrambe le versioni il lavabo è disponibile in tre altezze differenti (Standard, Medio e Prolungato), e sia con cartuccia standard che con cartuccia **ENERGY SAVING**, grazie alla quale si può ottenere un sensibile risparmio energetico in quanto l'apertura della leva consente erogazione di acqua fredda, mentre per ottenere l'acqua calda è necessario ruotare la leva verso sinistra.

La serie RINGO è inoltre disponibile, oltre alla versione classica cromata, anche nella moderna finitura NERO OPACO.

VERSATILITY

The fusion between square and round shape creates a unique style for RINGO and WEST series, making them perfect for any design style and furnishings. In addition to their forms, the versatility of these series is also evident in its many variations: Open handle for RINGO series, closed handle for WEST series.

*For both versions, washbasin mixer is available in three different heights (Standard, Middle and Extended), and even with standard cartridge then **ENERGY SAVING** cartridge, thanks to which you can achieve significant energy savings since the opening of the handle in frontal position allows supply of cold water, while for obtaining hot water it is requested to turn the handle to the left.*

The RINGO series is also available, in addition to the classic chrome, in modern finish MATT BLACK.

INNOVAZIONE

Con la sua forma semplice e la sua linea pulita, la serie STICK rappresenta il primo esempio di evoluzione dal miscelatore standard al rubinetto moderno e minimalista nel rispetto della praticità di utilizzo e del contenimento dei costi, sia di produzione che di consumo.
Il lavabo è infatti disponibile nella versione con cartuccia **ENERGY WATER SAVING**, grazie alla quale è possibile ottenere un duplice risparmio energetico: l'apertura della leva al primo scatto consente erogazione di sola acqua fredda e in ridotta quantità, mentre per ottenere l'acqua calda è necessario ruotare la leva verso sinistra e per avere più portata è necessario alzare la leva oltre l'ECO-STOP.

INNOVATION

*With its simple shape and its clean line, STICK series represents the first example of evolution from the standard to the modern and minimalist mixer, in compliance with the practicality of use and cost containment, both in production and in utilization. The basin mixer is in fact available with **ENERGY WATER SAVING** cartridge, thanks to which you can get a dual energy saving: the opening of the handle on frontal position to the first detent allows supply of only cold water in small quantities. To get hot water you need to rotate the lever to the left and to have a higher flow the handle has to be opened beyond the ECO-STOP.*

cold start

ENERGY SAVING
Risparmia energia, perchè apre al centro e dà acqua fredda, mentre l'acqua calda esce solo con il movimento della leva verso sinistra.

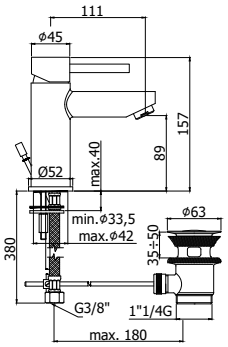

It saves energy delivering cold water from middle position already; hot water comes out with handle left movement only.

WATER SAVING
Risparmia acqua, perchè dobbiamo vincere un'altra resistenza in apertura per avere piú portata d'acqua (funge da deterrente contro l'inconsapevole apertura completa dell'acqua).

It saves water, because user must override "resistance bump" to obtain high flow - acts as deterrent to unconsciously turning handle on to full flow position regardless of water requirement.

ASTUZIA

Con le sue linee smussate e morbide la serie SLY si inserisce con eleganza in qualsiasi ambiente bagno.
La perfetta fusione delle forme gli permette di sposarsi con qualsiasi stile e con qualsiasi esigenza, senza tralasciare l'ambiente. Il lavabo è infatti disponibile con cartuccia **ENERGY SAVING**, grazie alla quale si può ottenere un sensibile risparmio energetico in quanto l'apertura della leva consente erogazione di acqua fredda, mentre per ottenere l'acqua calda è necessario ruotare la leva verso sinistra.

SLYNESS

With its smooth and soft lines SLY series fits elegantly into any bathroom environment.
The perfect fusion of forms allows this range to combine with any style and need, without neglecting the environment. In fact the basin mixer is available with ***ENERGY SAVING*** *cartridge, thanks to which you can achieve significant energy savings since the frontal position opening of the handle allows supply of cold water, while for the hot water, it is requested to turn the handle to the left.*

ESPERIENZA

Funzionalità del prodotto, durata nel tempo e massimo rapporto qualità-prezzo: ecco gli elementi che fanno della serie GREEN un classico senza tempo.
Tutta l'esperienza tecnica maturata negli anni viene applicata a questo rubinetto dalle linee moderne e funzionali, per rendere attuale e di design il rubinetto classico per eccellenza, con la gamma completa anche degli articoli richiesti dal design più attuale, quali il lavabo prolungato e il lavabo a muro.
Il lavabo classico è disponibile sia con cartuccia standard che con cartuccia **ENERGY SAVING**, grazie alla quale si può ottenere un sensibile risparmio energetico in quanto l'apertura della leva consente erogazione di acqua fredda, mentre per ottenere l'acqua calda è necessario ruotare la leva verso sinistra.

EXPERIENCE

Functionality of the product, long durability and best compromise between quality and price: these are the key points for a timeless classis as GREEN range.
All our technical experience gained over past years has been used to create this modern and up-to-date mixer, which is part of a complete line of products as extended body mixer and concealed basin mixer, the most requested nowadays from the market.
*The classic basin mixer is available with standard cartridge then **ENERGY SAVING** cartridge, thanks to which you can achieve significant energy savings since the opening of the handle in frontal position allows supply of cold water, while for obtaining hot water it is requested to turn the handle to the left.*

ESSENZIALE

Linee moderne ed essenziali per un prodotto che rappresenta il più alto esempio di sodalizio tra bellezza e convenienza. La serie RED si distingue infatti per le sue forme lineari ed armoniche in perfetta sintonia con il contenimento dei costi, sia da un punto di vista produttivo che sul piano dei consumi.
Il lavabo della serie è disponibile anche nella versione con cartuccia **ENERGY WATER SAVING**, grazie alla quale è possibile ottenere un duplice risparmio energetico: l'apertura della leva al primo scatto consente erogazione di sola acqua fredda e in ridotta quantità, mentre per ottenere l'acqua calda è necessario ruotare la leva verso sinistra e per avere più portata è necessario alzare la leva oltre l'ECO-STOP.

ESSENTIALITY

*Modern and essential lines for a product that represents the highest example of association between beauty and convenience. The RED series is distinguished by its harmonic and linear forms in perfect harmony with the costs containment, both from a production point of view than in terms of consumption. The basin mixer of the series is also available with **ENERGY WATER SAVING** cartridge, thanks to which you can get a dual energy saving: the opening of the lever to the first detent allows only cold water supply in small quantity, while for obtaining hot water it is necessary to rotate the lever to the left and to have more flow rate is necessary to raise the lever beyond the ECO-STOP.*

ENERGY SAVING
Risparmia energia, perchè apre al centro e dà acqua fredda, mentre l'acqua calda esce solo con il movimento della leva verso sinistra.

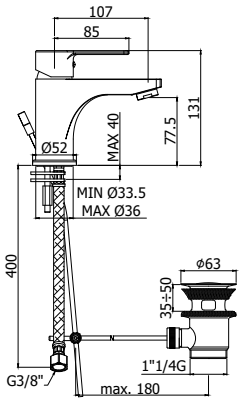

It saves energy delivering cold water from middle position already; hot water comes out with handle left movement only.

WATER SAVING
Risparmia acqua, perchè dobbiamo vincere un'altra resistenza in apertura per avere piú portata d'acqua (funge da deterrente contro l'inconsapevole apertura completa dell'acqua).

It saves water, because user must override "resistance bump" to obtain high flow - acts as deterrent to unconsciously turning handle on to full flow position regardless of water requirement.

FIEREZZA

La serie DUEMILA con la sua linea un po' panciuta ma slanciata e fiera rappresenta uno dei primi esempi dell'evoluzione del miscelatore dalle forme più tradizionali a delle linee più moderne e stilizzate.
La bellezza della sua fisicità si unisce perfettamente alla sua praticità di utilizzo, soprattutto negli ambienti dove l'estetica deve supportare la funzionalità del rubinetto.
La gamma si completa di numerosi articoli per l'ambiente cucina, disponibili nella classica finitura cromata.

PRIDE

DUEMILA series, with its pot-bellied but slender and fair proud, is one of the first examples of the evolution of the mixer from the most traditional to the most modern and stylized lines.
The beauty of its lines joins perfectly to its simple use, especially where aesthetics must support the functionality of the faucet.
The range is completed with numerous items for the kitchen environment, available in the classic chrome finish.

MORBIDEZZA

Nata inizialmente come restyling della serie NETTUNO, la serie NETTUNO DUE si è imposta nel tempo come elemento a se stante, in grado di esprimere una propria personalità grazie alla piacevolezza delle sue forme morbide ed essenziali unite ad una grande praticità di utilizzo.
La serie inoltre si caratterizza per un'ampia gamma di articoli che la completano tecnicamente sia nella linea bagno che cucina.

SOFTNESS

Initially created as a restyling design of the NETTUNO series, NETTUNO DUE has established its position over the years, expressing its own personality thanks to the pleasantness of its soft and essential forms together with an extremely easiness to use.

LEGGEREZZA IN CUCINA

In cucina la passione per le cose buone diventa passione per le cose belle: la serie CHEF nasce dalla volontà di offrire qualcosa di nuovo senza perdere di vista l'essenza. Niente fronzoli, nessun eccesso: linearità e uniformità tra canna e corpo per interpretare la leggerezza come icona dell'alta cucina contemporanea.
Il tradizionale sistema di aggancio del supporto doccia viene sostituito dall'innovativo aggancio con magnete per creare una linea di rubinetteria per cucina che esprime al massimo gli elementi propri del made in Italy: design, qualità dei materiali, funzionalità, affidabilità e durata nel tempo.

LIGHTNESS IN THE KITCHEN

In the kitchen, the passion for good things becomes a passion for beautiful things: the CHEF line comes from the desire to offer something new without losing essence. No frills, no excess: linearity and uniformity between the spout and the mixer body to render the lightness as an icon of the contemporary haute cuisine.
The traditional attachment system for the shower support is replaced by the innovative hook with magnet, creating a line of kitchen taps as expression of "Made in Italy" concepts: design, quality of materials, functionality, reliability and durability.

termostatici

MISCELATORI TERMOSTATICI

I nostri rubinetti termostatici per il bagno permettono di mantenere l'acqua ad una temperatura costante per tutta la durata di utilizzo, anche nel caso di una variazione di pressione sulle mandate dell'impianto nel caso di apertura contemporanea di altri rubinetti. L'acqua calda e l'acqua fredda, infatti, vengono miscelate dalla cartuccia termostatica ad una temperatura preimpostata dall'utente, regolando costantemente la miscelazione in base alle variazioni dell'impianto, evitando così aumenti o crolli improvvisi della temperatura, che viene mantenuta costante anche nelle successive aperture.

THERMOSTATIC MIXERS

Our thermostatic mixers for the bathroom allow to maintain the water at a constant temperature during the use, even in case of pressure changes in the equipment due to simultaneous opening of other taps. The hot and cold water, are in fact mixed by the thermostatic cartridge at a temperature preset by the user, constantly adjusting the water mixing according to changes in the equipment, avoiding increases or sharp reductions of the temperature, which is kept constant also in the succeeding openings.

Ogni ambiente ha le sue caratteristiche, e ogni caratteristica trova il suo soffione: una vasta scelta di soffioni di diverse forme e misure, con installazione a parete o a soffitto, con erogazione dell'acqua classica o a cascata, ispezionabili o meno, ultrapiatti e con sistema anticalcare. Perché il benessere non conosce compromessi.

Each environment has its own characteristics, where our shower-heads may be placed: a wide choice of shower-heads of different shapes and sizes, with ceiling or wall installation, with classic or cascade water flow, inspectable or not, ultra-thin and with anti-scale system. L'armonia dell'ambiente bagno si crea se esiste armonia tra i singoli elementi di arredo: una vasta gamma di doccette, ognuna progettata per massimizzare il comfort di utilizzo quotidiano e per adattarsi al meglio al design di tutti i nostri prodotti.

The harmony of the bathroom exists if there is harmony among the individual pieces of furniture: a wide range of shower heads, each one designed to maximize the comfort for everyday use and to better conform to the design of all our products.

Salvo quanto diversamente pattuito per iscritto tra le Parti, le presenti Condizioni Generali di Vendita (di seguito le "Condizioni Generali") unitamente ad eventuali condizioni speciali che siano previste nella conferma d'ordine disciplinano tutte le vendite di prodotti tra Rubinetteria Paffoni S.p.A., con sede in Pogno, via Soriso n. 2, (di seguito la "**Venditrice**") e qualsiasi acquirente (di seguito il "**Cliente**"); salvo specifici accordi di deroga in forma scritta, si intendono pienamente accettate dal Cliente e prevalgono su ogni altra eventuale clausola difforme inserita su modelli o su altri documenti utilizzati dalla Venditrice e/o dai Clienti (di seguito congiuntamente le "**Parti**").

1.PRODOTTI

1.1 Oggetto delle vendite regolate dalle presenti Condizioni Generali sono i prodotti indicati nei listini della Venditrice (di seguito i "Prodotti"), con le specifiche ivi indicate.
1.2 L'invio dei cataloghi o dei listini non costituisce offerta formale da parte della Venditrice, che rimane libera di modificare gli stessi in ogni momento e senza obbligo di preavviso.

2.ORDINI E CONFERMA

2.1 Gli Ordini si intendono accettati dalla Venditrice al ricevimento da parte del Cliente della conferma d'ordine rilasciata dalla Venditrice (di seguito la "Conferma d'Ordine").
2.2 Qualora la Conferma d'Ordine contenga modifiche rispetto all'Ordine, le modifiche si considerano tacitamente accettate trascorse 24 ore dall'invio della stessa senza che il Cliente abbia manifestato il proprio dissenso per iscritto.
2.3 Ferma restando l'esecuzione degli ordini a seguito di rispettiva Conferma d'Ordine, la Venditrice può sospendere e/o cessare in qualunque momento e senza preavviso la produzione dei Prodotti qualora esigenze di mercato e/o di produzione lo richiedano, senza che per ciò il Cliente possa avanzare pretesa o reclamo alcuno.

3. PREZZI

3.1 Salvo quanto diversamente pattuito per iscritto tra le Parti, i prezzi dei Prodotti (di seguito i "Prezzi") sono quelli risultanti dal listino prezzi della Venditrice in vigore al momento della Conferma d'Ordine, IVA esclusa, e si intendono per merce resa franco stabilimento della Venditrice in Pogno, via Soriso n. 2.
3.2 I prezzi indicati nel listino possono essere soggetti a variazione.
3.3 I prezzi non comprendono le spese di trasporto, spedizione, imballo dei Prodotti ed ogni altra spesa non specificamente inclusa nella Conferma d'Ordine.

4. CONDIZIONI DI PAGAMENTO

4.1 Il pagamento è tassativamente dovuto entro i termini specificati in fattura; un'eventuale variazione dei termini dovrà essere preventivamente ed espressamente pattuita per iscritto dalla Venditrice.
4.2 Qualsiasi pagamento deve essere eseguito ed è dovuto presso la sede della Venditrice, fatti salvi eventuali diversi accordi speciali scritti. Il rilascio di effetti cambiari o assegni è consentito solo se vi è espressa autorizzazione della Venditrice.

5. MANCATO O RITARDATO PAGAMENTO

5.1 In caso di mancato e/o ritardato pagamento nei termini, saranno addebitati al Cliente gli interessi convenzionali dalla data di scadenza del termine e sino all'effettivo saldo; ciò automaticamente e senza necessità di costituzione in mora.
5.2 La Venditrice, nel caso in cui la Cliente ritardi totalmente o parzialmente un pagamento, può sospendere qualsiasi consegna in corso e gli eventuali ordini già acquisiti, risolvere il relativo contratto e trattenere a titolo di risarcimento, fino a concorrenza del danno patito, qualsiasi somma incassata anticipatamente, senza pregiudizio alcuno al diritto di pretendere ulteriori danni.
5.3 Il mancato pagamento totale o parziale di anche una sola fattura da parte del Cliente, nonché la diminuzione delle eventuali garanzie prestate, determina automaticamente la decadenza dal beneficio del termine con riferimento a qualsiasi somma dovuta alla Venditrice dal Cliente medesimo.

6. CONSEGNA

6.1 I tempi di consegna sono indicativi e non impegnativi per la Venditrice. I termini di consegna concordati tra le parti sono in ogni caso prorogati a data da stabilirsi da parte della Venditrice, senza possibilità per il Cliente di reclamare danni, se il ritardo è dovuto ad impedimenti della Venditrice (a mero titolo esemplificativo: carenze di materie prime, avarie dei macchinari, scioperi, serrate , stato di calamità, eventi climatici, epidemia, interruzione e/o ritardi nelle forniture della materia prima e nei trasporti…..ecc…) e comunque se il ritardo è determinato da cause di forza maggiore.
6.2 Il termine di consegna pattuito verrà automaticamente sospeso in caso di mancato o ritardato pagamento da parte del Cliente come previsto sub art. 5 ovvero prorogato nel caso in cui il Cliente abbia richiesto modifiche della fornitura accettate dalla Venditrice successivamente alla Conferma d'Ordine.

7. IMBALLAGGI

Gli imballi vengono fatturati al costo e la Venditrice non ne accetta la restituzione. La Venditrice non è responsabile di eventuali vizi e difetti degli imballaggi.

8. TRASPORTI

8.1 Le spese di trasporto, salvo patto scritto contrario, sono a carico del Cliente. La Venditrice si riserva la facoltà di addebitare al Cliente eventuali oneri aggiuntivi al puro costo di trasporto eventualmente corrisposti al Vettore.
8.2 La spedizione, anche se effettuata in porto franco, viaggia a rischio e pericolo del Cliente. La Venditrice non ha alcuna responsabilità per ritardi, guasti, avarie, rotture o ammanchi e comunque fatti che si verificassero durante il trasporto. Ciò anche nel caso in cui il trasportatore/Vettore dovesse essere scelto dalla Venditrice.
8.3 In nessun caso eventuali danni derivanti dal trasporto danno diritto al Cliente di ritardare il pagamento della fattura relativa alla merce, ovvero di trattenere parzialmente o totalmente l'importo della stessa.
8.4 Anche se scelto dalla Venditrice, spetta al cliente presentare eventuali reclami al trasportatore, possibilmente con dichiarazione di immediata contestazione.

9. GARANZIA

9.1 La Rubinetteria Paffoni S.p.A. garantisce la rubinetteria per bagno e cucina per 5 anni dalla data di acquisto, componenti termostatici, docce, soffioni, colonne e saliscendi per 2 anni. La garanzia non è rinnovabile.

La garanzia include:

- difetti di fusione o di porosità
- difetti di cromatura
- difetti di funzionamento della cartuccia

In nessun caso dovranno essere utilizzati detersivi abrasivi o con sostanze acide o corrosive.
9.2 La presente garanzia è invece esclusa e quindi non applicabile nei seguenti casi:

- ammaccature accidentali dovute a negligenza di utilizzo o intenzionali

- scorretto funzionamento del prodotto dovuto alla qualità dell'acqua (es. calcare, ruggine, acqua non potabile con presenza di corpi estranei…)
- utilizzo di parti di ricambio non originali
- pressione di esercizio superiore ai 5 BAR
- esposizione del prodotto a temperature molto elevate (+80°C) o troppo basse (-0°C)
- riparazioni, manutenzioni o manomissioni dei prodotti eseguite da parte di personale non autorizzato e non precedentemente concordate con l'Azienda
- smontaggio o manomissione della cartuccia
- errata o difforme installazione dei prodotti da quanto indicato nelle istruzioni di montaggio, causando danni al prodotto stesso, o destinazione d'uso del prodotto diversa da quella indicata
- incuria in sede di cantiere
- in ogni altra ipotesi di mancato rispetto delle istruzioni di installazione, utilizzo e manutenzione contenute nella confezione di vendita
- usura del Prodotto

9.3 Fatto salvo quanto previsto al successivo punto 10 (RECLAMI), in caso di prodotto difettoso coperto da garanzia, la Rubinetteria Paffoni S.p.A. a proprio insindacabile giudizio ha facoltà di provvedere alla sostituzione o alla riparazione del prodotto stesso o delle parti risultate non conformi, o di rimborsarne il prezzo qualora la sostituzione non fosse possibile. In ogni caso, senza alcun ulteriore indennizzo o risarcimento per danni diretti e/o indiretti, incidentali o consequenziali, che dovessero derivare dalla difettosità e/o non conformità del Prodotto; tali risarcimenti devono pertanto, nei limiti consentiti dalla legge, intendersi espressamente rinunciati dal Cliente.
9.4 Per l'attivazione della garanzia è necessario contattare direttamente il fornitore (idraulico, rivenditore o grossista), presentando il tagliando di garanzia contenuto nella confezione di vendita debitamente compilato e timbrato dal rivenditore con la data di acquisto, o comunque presentando altro documento comprovante la data di acquisto; in ogni caso, per l'attivazione della garanzia il Cliente deve dimostrare la riferibilità del Prodotto alla produzione della Venditrice.
9.5 Ogni autorizzazione al reso verrà identificata con un numero di Riferimento (RMA) comunicato dal nostro Ufficio Clienti Italia. Il numero di Riferimento (RMA) dovrà essere scritto in modo chiaro e leggibile sulla scatola e sulla bolla di reso. Non saranno presi in considerazione resi senza numero di Riferimento (RMA).
9.6 Il materiale da rendere, previa espressa autorizzazione della Venditrice, dovrà essere inviato in porto franco presso la sua sede di Pogno, con imballo gratis e chiara indicazione del numero di Autorizzazione (RMA). La Venditrice non accetta resi incompleti o in quantità o tipo merce differente da quanto espressamente autorizzato.
9.7 Le regole suddette valgono anche nel caso di resi per merce ordinata erroneamente, il cui valore verrà riaccreditato decurtando il 15% a copertura delle spese necessarie per la gestione e il ripristino del materiale.
9.8 Non hanno valore e non vengono accettate dalla venditrice eventuali riconoscimenti, dichiarazioni, impegni e/o garanzie assunti da agenti e/o dipendenti della Venditrice, nemmeno se fatti per iscritto, che siano difformi o in contrasto rispetto a quanto previsto nelle presenti condizioni generali di vendita, a meno che non siano sottoscritti dal legale rappresentante della Rubinetteria Paffoni S.p.A.

10. RECLAMI

10.1 Il Cliente, a pena di decadenza dalla garanzia, deve esaminare attentamente ciascun Prodotto al fine di accertare la corrispondenza della fornitura alle quantità e qualità dei Prodotti indicate nella Conferma d'Ordine, verificando altresì l'esistenza di vizi palesi.
10.2 Entro i successivi 8 giorni il Cliente è tenuto a comunicare per iscritto alla Venditrice, a pena di decadenza dalla garanzia, l'esistenza di difetti o le difformità quantitative o qualitative riscontrate nei Prodotti. Decorso tale termine, la fornitura s'intenderà accettata senza riserve dal Cliente, con la conseguente rinuncia dello stesso ad eccepire qualsiasi vizio palese del Prodotto nonché qualsiasi difetto quantitativo o qualitativo della fornitura.
10.3 La presenza di vizi occulti non riscontrabili alla consegna deve essere comunicata, a pena di decadenza, entro 8 giorni dalla scoperta, come previsto per i vizi palesi.
10.4 In caso di ripetute forniture di Prodotti aventi medesime caratteristiche, il Cliente rinuncia ad esercitare ogni pretesa derivante da difetti qualitativi, se gli stessi sono stati precedentemente accettati senza che alcuna obiezione sia stata comunicata per iscritto.
10.5 La Venditrice avrà diritto di esaminare a propria assoluta discrezione i Prodotti di cui viene lamentato il difetto. Anche in questo caso, non hanno valore e non vengono riconosciute dalla Venditrice eventuali riconoscimenti, dichiarazioni, impegni e/o garanzie assunti da agenti e/o dipendenti della Venditrice, nemmeno se fatti per iscritto, a meno che non siano sottoscritti dal legale rappresentante della Rubinetteria Paffoni S.p.A.
10.6 Qualsiasi norma inderogabile riguardante la tutela del consumatore non è modificata da queste Condizioni.

Unless otherwise agreed in writing between the Parties, these General Sale Conditions (hereinafter mentioned as "General Conditions") together with eventual special conditions foreseen in the order confirmation govern all sales of products between Rubinetteria Paffoni SpA - based in Pogno via Soriso n. 2 - (hereinafter the "**Seller**") and any purchaser (hereinafter the "**Customer**"); unless we specifically agree in writing for exemption, they are fully accepted by the Customer and prevail over any other conflicting clause inserted in forms or in other documents used by the Seller and / or by customers (collectively, the "**Parties**").

1.PRODUCTS

1.1 Subject of sales governed by these Terms and Conditions are the products mentioned in the lists of Seller (hereinafter the "Products"), with the specifications set out therein.

1.2 The sending of catalogs or price lists does not constitute a formal offer by the Seller, which remains free to modify the same at any time and without notice.

2. ORDERS AND CONFIRMATION

2.1 Orders are accepted by the Seller once the customer receives the order confirmation issued by the Seller (hereinafter the "Order Confirmation").

2.2 Should the Order Confirmation contains amendments in respect to the Order, the amendments shall be deemed to have been tacitly accepted 24 hours after dispatch of the Order Confirmation unless the customer has expressed its disagreement in writing.

2.3 Without prejudice to the execution of orders after the issue of an Order Confirmation, the Seller may suspend and / or cease at any time and without notice the production of products if market and / or production needs would require, so that the customer could claim or demand any.

3. PRICES

3.1 Unless otherwise agreed in writing between the Parties, the prices of the Products (hereinafter the "Prices") are the ones resulting from the Seller's price list in force at the time of the Order Confirmation, excluding VAT, and are intended for goods delivered on Ex-Works basis to the Seller's Factory in Pogno via Soriso n. 2.

3.2 The prices indicated in the price list may be subject to change.
3.3 Prices do not include transport charges, shipping costs, packaging of the Products and any other expenses not specifically included in the Order Confirmation.

4. TERMS OF PAYMENT

4.1 Payment is strictly due within the terms specified in the invoice; any variation to the terms must be previously and expressly agreed in writing by the Seller.

4.2 Any payment must be made and is due at the premises of the Seller, except in case of special different written agreement. The release of bills of exchange or checks is allowed only in case of an express permission of the Seller.

5. LATE OR NON-PAYMENT

5.1 In the event of late or non-payment within the terms, conventional interest will be charged to the customer from the date of expiry of the term and until the actual balance; this automatically and without the need of formal notice.

5.2 In the event that the customer delays wholly or partially payment, the Seller may suspend any pending delivery and any orders already received, solve the relative contract and hold up as compensation till the amount of suffered damage , any sum collected in advance, without prejudice to the right to claim further damages.

5.3 The total or partial non-payment of even a single invoice by the customer, and the reduction of any eventual granted guarantee, automatically determines the loss of the benefit of the term in reference to any sum due to the Seller by the Customer.

6. DELIVERY

6.1 The delivery times are indicative and not binding for the Seller. The terms of delivery agreed between the parties are in any case postponed to a date to be determined by the Seller, without the possibility for the customer to claim damages, if the delay is due to hindrance of the Seller (including but not limited to: raw material shortages , breakdown of equipment, strikes, lockouts, state of calamity, weather events, epidemic, interruption and / or delay in the supply of raw materials and transportation ..... etc ...) and in any case if the delay is caused by force majeure.

6.2 The agreed delivery time will be automatically suspended for failure or delay in payment by the customer as foreseen in sub art. 5 or extended if the Customer has requested changes to the order accepted by the Seller after the Order Confirmation.

7. PACKAGING

The packages are debited to the cost and the Seller will not accept their return. The Seller is not liable for eventual faults or defects of packaging.

8. TRANSPORT
